STEP 1 (FOOT TRACE)

Place paper on a flat surface. Place foot on the paper and stand on it. Use pen or pencil to trace an outline around your foot, keeping the pencil as straight as possible

STEP 2 (A)

Measure and write down the length of your outline in Centimeters (cm) between the longest toe and back heel

STEP 3 (B)

Measure your Forefoot Circumference in Centimeters (cm) around the widest part of your foot using a measuring tape
