Amazing experience
We love our new chair,

THE SNOOZA CHAIR

The Snooza has been designed to meet 4 specific objectives!

1. **Safety and Security**
2. **Comfort and posture control**
3. **Relaxation & Calming**
4. **Mental and Physical Wellbeing (Quality of Life)**

The Snooza has been used by all ages and those suffering....

Autism / Cerebral Palsy / Epilepsy / Neurological Disorders / ADHD / Muscular Dystrophy and Dementia. (to name a few)

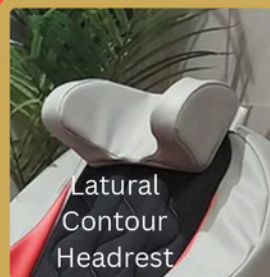

The Snooza creates a sensory space that instantly stimulates confidence, reduces anxiety and distractibility; increases participation, function, and communication.

Designed by a therapist and a world-class seating specialist in this field.

The Therapist's brief! - Inclusive seating that feels like a 'hug', is colourful, superlight, robust, extremely comfortable, compact, functional, and modular, looks inviting and fun, and has exceptional craftsmanship and posture control!
