

## MEASURING GUIDE

Many of the products we stock are bespoke or tailored clothing. If you are purchasing an item of clothing, we strongly recommend you to take the appropriate measurements before placing an order.

While many manufacturers do provide some measurements for their garments, it is a good idea in our experience to take your own measurements. This will ensure the best possible fit for bespoke clothing and cuts out delays associated with any adjustments or returns that might occur.

We are happy to take any measurements in centimetres or inches.

### **Neck**

Around the base of the neck.

### **Body**

Measured on child's back - base of neck to centre of crotch.

### **Chest**

Around the widest part of the chest.

### **Waist**

Around the waist.

### **Under Arm**

Armpit to wrist.

### **Thigh**

Around the top of the thigh.

### **Inside Leg**

From crotch to ankle.
